CONFIDENTIAL

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 4 February 1972

1. (Confidential - GLC) Called George Murphy, Joint Committee on Atomic Energy staff, in connection with a message which he left yesterday to the effect that Senator Howard Baker (R., Tenn.) might be calling the Director on a sensitive matter. I told Murphy that Senator Baker had, in fact, called the Director on Wednesday and that Mr. Maury subsequently talked with the Senator advising him that we were in no position to provide a useful answer to his question and that alternative arrangements were being made for General Ed Giller, of AEC, to discuss the matter with him. I added that General Giller subsequently did talk to the Senator who was completely satisfied.

25X1 2. [redacted] OTR, called to see if we could make arrangements to have Mr. Peter Lakeland, of Senator Javits' staff, or some other suitable congressional staffer, meet with an Advanced Intelligence Seminar class on the Hill some time in March (probably either the afternoon of the 7th or the morning of the 14th). I told [redacted] I thought something could be arranged and I would talk with him further after making some inquiries.

3. (Confidential - GLC) Talked with [redacted] CI Staff, about J. Sourwine's, Chief Counsel, Senate Internal Security Subcommittee, query for the name of a suggested witness who could attest to the credibility of the report on subversion in Africa which we had made available to the Subcommittee staff (see Journal of 27 January). [redacted] said he would look into this and see what could be done.

4. (Confidential - JGO) Delivered the transcript of yesterday's briefing of the Defense Subcommittee of the House Appropriations Committee to Mr. Ralph Preston, of the Committee staff, and picked it up later for return to Headquarters for safekeeping. Representative Jamie Whitten (D., Miss. has requested the transcript be returned to the Committee Monday morning for his review.
